

Andrew W.K. - Party Hard

This song (and indeed the whole album) is nothing but good (I won't say clean) fun. The songs are fast-tempoed and the lyrics aren't very intelligent, or even thoughtful, but I am compelled to tap my foot and bob my head while I listen. I describe this band as equal parts Def Leppard, Motorhead, and Chixdiggitt, if all those bands were comprised of frat boys.
