ANOTHER new radio station?

Driving around today, I noticed a van beside me in traffic with 88.9 something something on the side. Unfortunately, this is another fucking classic rock station.

Yes, exactly. That is exactly what Halifax needs. We have a huge shortage of classic rock stations in this city and I, for one, am a huge proponent of being able to fill my car radio presets with nothing but stations with cheesy-ass DJs playing the Rolling Stones and Aerosmith 24/7. Please, can we get 4 more classic rock stations? That's all I need. I don't get to hear Stairway to Heaven enough times in a day.

Fuck.

Now, this "new" station is just an FM re-broadcast of the AM station 960 CHNS (or vice-versa, depending on how you look at it). Oldies 96 is apparently no more; not that I care. As much as I dislike Z103, at least they're trying to give us something that we don't yet have.
