At least Scientologists don't ring your doorbell and wake you up

I fucking hate Jehova's Witnesses!!! Why do they come to my fucking house? They woke me up today. I know it was 10:30, and I probably should have been up anyway, but that's not even close to the point.

I don't want their fucking "Watchtower" magazine. I couldn't even feel good about telling this one off, because she was like 80 years old. Damn.
