Best money making scam ever

Man, I wish I had thought of this. All you have to do to make money in this day and age is to threaten to kill and eat a cute little animal. You don't even have to follow through because nobody is going to know if you don't. This schmuck has already bilked $28k from hapless visitors, and people are still donating.

I'm still not sure this site isn't just a psych student's way to pay tuition.

If you're dumb enough to pay someone money not to eat a rabbit, you deserve to lose it. Read the hate mail. It's pretty funny.
