Dial M for Penny

Jesus Murphy. Some guy was shot several times and killed outside the Copper Penny last night...only about two hours after I left. Yikes. Although I heard on the Q104 this morning that the "alleged" shooter was arrested at the scene.

On a side note, I went searching to "Copper Penny" on Google to try to get a useful link, and ended up finding this. What kind of drugs is this guy on? He says about the Penny, and I quote, "*Not so smoky anymore.*" I don't think he's ever actually been there.
