Gone again - This time to NYC

I wasn't even back at work for a whole day before they decided to ship me off again to New York City. I'll be damned if I don't get to see something that's worth taking a picture of this time. I really want to get to see the Statue of Liberty and Times Square and the Empire State Building, and other touristy New York stuff.

Have any spiners been to N.Y.C.? What's good to do? Give me the low-down. I want details.
