Pink Razors

Chixdiggit have a new album out, it's called Pink Razors. Man, just when you think they can't rock any harder, they come out with something that rocks fucking harder. I think Chixdiggit is probably my favourite band of all time, eclipsing my previous favourite band of all time, Eric's Trip. I mean, what other punk band would ever use the word 'philatelist'? That's just awesome. They're so fucking hard they could scratch corundum. Ask Mohs. He knows what's hard core.

P.S. I might be drunk.
