

This Ottawa hotel is awesome

I'm in Ottawa on a business trip and the hotel they put us in is fucking awesome. It's called the Brookstreet Hotel. Hands down, it's the best hotel I've ever stayed in. Better than anything in Halifax. The Internet connection in the rooms is FAST, which could be because we're right next to an Alcatel building. I downloaded about a gig worth of stuff in a little over half an hour.

Anyway, if anyone's reading in Ottawa, let me know what's fun to do here. I'm only here tonight and wednesday night, and we leave Thursday evening.
