Tidbits from Slashdot

There a couple of links from Slashdot that I found very poignant to whom I think my readers are ;) It's not plagarism if you cite your sources, right?

Building a home theatre PC. Something I am currently thinking about; yeah, I have a computer that's hooked up to my television, but I want one that can output in HD and Dolby Digital.

The specs for Xbox 2. 64 bit microprocessors, PowerPC chips, NO internal hard drive, and NO backwards compatibility top the list of interesting bits.
