

Undergrads

Undergrads, one of the best animated shows ever, in my opinion, has finally come out on DVD, but guess what? It's not available in Canada yet. Sure I could order it on Amazon, but I think I'll wait. The rips are coming out online (I've got 6 episodes), so I'm not in a rush, but I will *definitely* buy this DVD set for the special features and interviews with the creator, Pete Williams.

I'm willing to bet Nitz, Cal, Rocko, and Gimpy all remind you of someone you know. That's what makes it such a great show.
