Updates from the American Capital

Traffic is fucking insane. Worse than the 401 in a snowstorm. I was stuck in it about an hour before Bush is supposed to make some sort of address to the nation. About half an hour to go now. I'm in my hotel preparing for the St. Paddy's day Washington nightlife I've heard so much about.

So the U.S. is probably going to start boming. That's my prediction. The cops are out in force, barricading all the streets around the White House and that's why I couldn't go and visit any of those places. Fuck. I'm a little bitter. It's not like I get to go on business trips that often, and when I do, I tend not to ever get to see anything :(
